IEL Membership INFORMATION

Founded in 1959 as the International Oil & Gas Educational Center, the Institute for Energy Law (IEL) provides advanced, continuing legal education for lawyers and other professionals concerned with the energy industry. The Institute through its programs, scholarly publications and membership activities offers an important forum on contemporary issues affecting the industry. The Institute's record of educational achievements has been aided by the support of many of the world's leading companies, lawyers, and energy professionals.

The New Institute for Energy Law

The energy industry is evolving and so is the Institute for Energy Law. Historically focused on the oil and gas industry, the organization's new name — the Institute for Energy Law — reflects its expanding scope to serve not only oil and gas lawyers but lawyers and professionals in all other areas of domestic and international energy law as well. Please join us and help guide this evolution.

Why Become a Member?

Members are entitled to tuition-free or discounted attendance at all Institute programs, discounts on all Institute publications and to designate representatives to serve on the Institute's Advisory Board. Depending on the level of membership, members may designate multiple representatives on the Institute's Advisory Board, each of whom is entitled to attend tuition-free the **Annual Oil and Gas Law Conference**.

The Advisory Board

The work of the IEL is done primarily through its Advisory Board, and its committees. The Advisory Board and its committees meet for business and social activities each February in connection with the annual Oil and Gas Law Conference.

The current practice committees of the IEL are: Oil and Gas, Power/Alternative Energy, and International.

Programs and Publications

Each year the Institute for Energy Law offers its two-day **Annual Oil and Gas Law Conference**, which was first presented in 1949 and is now the oldest continuing legal education program in the country. Other annual programs include the **Law of LNG Conference; Energy Litigation Conference; International Energy Law, Contracts and Negotiations – Upstream; International Energy Law, Contracts and Negotiations – Midstream**; and a fundamentals **Short Course on Oil and Gas Law**. Every other year the Institute sponsors an **Institute for Natural Resources Law Teachers**. For a complete calendar of IEL programs, please visit our website at www.cailaw.org/iel. The Institute for Energy Law also sponsors the John Rogers Award, which has been presented annually since 1970 during the **Annual Oil and Gas Law Conference** to a person associated with the energy industry in recognition of extraordinary professional and civic achievement. The Institute for Energy Law also publishes an **Energy Law Online Articles** Index at the Institute's web site and, with LexisNexis Matthew Bender, the **Oil and Gas Reporter** (since 1952) and the **Proceedings of the Institute on Oil and Gas Law** (since 1949).
